PERFORMANCES: AUGUST 3, 4, 5 & 10, 11, 12 - 2018

Hello and welcome to auditions for ANNIE JR. We, at GLP, are excited that you are here! Within this packet you will find information on how our audition process works, your audition form, and the material you will use during the actual audition!

THE AUDITION PROCESS

When you arrive, please check in with the monitor. You will be assigned* to an audition “group” of around 5-6 other performers and you will have your photo taken.

From there you will head into the waiting room where, one by one, you will be called into the singing/reading audition. You will be asked to perform a short musical selection from the show (music is available on the GLP website) and read a short scene. Occasionally, the director may ask you to re-read the scene with some direction.

After your group is finished with the singing/reading portion, you will all go into the dance audition room where you will be taught a short dance combination from the show. The entire audition process for the group should take around 25 minutes.

If at any point you have any questions, please don't hesitate to ask a GLP staff member!

REMEMBER

It's normal to be nervous! At GLP, we strive to maintain a comfortable and encouraging audition process. Remember that the members of the audition committee want you to do well! We can't produce our shows without you!

Make sure you take plenty of time to stretch and warm up before your audition. Take a deep breath! HAVE FUN! We can't wait to see YOUR audition!!

~ THE GLP TEAM
